DEWDNEY BY-LAWS.

BY-LAW NO. 4 OF THE MUNICIPALITY OF DEWDNEY.

A By-Law to provide for the Dyking of portion of Townships 17, 18, 20 and 21, Municipality of Dewdney, and for the borrowing on the credit of the said Municipality the sum of Sixteen Thousand Two Hundred and Twenty-eight Dollars for completing the same.

Provisionally adopted the 20th day of August, A.D. 1892.

WHEREAS a majority in number and value of the owners as on the last revised Assessment Roll of the property hereinafter set forth to be benefitted by the dyking, have petitioned the Council of the said District Municipality of Dewdney, praying that the Council would take the necessary steps to dyke the lands included in the following area, subject to overflow at the seasons of freshet in the Fraser, and being property that will be benefitted by the said dyking.

And whereas the said Council procured an examination and report to be made by J. F. Garden, C. E., D.L.S., being a person competent for such purpose, of the said locality proposed to be dyked, and has also procured plans and estimates of the work to be made by the said J. F. Garden, C.E., and an assessment to be made by him of the land to be benefitted by such dyking, stating as nearly as he can the proportion of benefit which, in his opinion, will be derived in consequence of such dyking, by every road or lot, or portion of lot, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the lots, and parts of lots hereinafter in that behalf specially set forth and described, and the report of the said J. F. Garden, C.E., in respect thereof and of the said dyking being as follows:—

To the Reeve and Council of the Municipality of Dewdney:

GENTLEMEN,—We beg to report that we have made a survey and examination of the lands adjoining Hatzic Lake, on the north side of the C. P. Railway track, which will be benefitted by the exclusion of the Fraser River flood waters.

It is proposed to effect this by the construction of solid earth embankments on the line of the railway in the places of certain trestle bridges which at present form part of the permanent way, at the same time putting in a sufficient number of culverts or water ways to carry off the water accumulated in Hatzic Lake during high water.

The structures to be filled in are as follows:—

Trestle No. 137, 105 feet long.	No. 138, 1,395 feet long, over Hatzic Lake.
„ 139, 93 „	„ 140, 91 „
„ 141, 527 „	„ 142, 108 „

Which will require 103,475 cubic yards to fill.

At the bridge over the Hatzic it is proposed to put in four culverts with 5 feet by 6 feet openings in each, and supplied with flood gates on the south end, which can be closed water-tight during high water. Especial care should be taken by sheet piling and rip-rap, as shown on the plan, to prevent any leakage about these.

At trestle No. 141 a wooden box culvert will be placed under the bank with a gate at the south end as at the large culverts.

The culverts on Thos. Cunningham's and J. W. Wells' lots (one each) are to be repaired and have gates as above fixed to them. It is estimated that these works will cost as follows, and as shewn in detail on the plan:—

Earthwork—103,475 cubic yards @ 22cts.	\$22,764 50
Four culverts at Hatzic Lake—	
Lumber 96,000 ft. B.M. @ \$20 00	\$1,920 00
6,000 lin. ft. sheet piling @ 30cts.	1,800 00
2,000 lbs. iron @ 6cts.	120 00
Four gates @ \$50 00	200 00
3,000 ft. B.M. in gate platform @ \$20 00	60 00
3,000 cubic yds. in excavation for foundation @ 50cts.	1,500 00
1,000 cubic yds. rip-rap @ \$2 00	2,000 00
	7,600 00
Box culvert at trestle No. 141—	
2' x 2', 10,000 ft. B.M. @ \$20 00	200 00
Gate	20 00
	220 00
Culvert on Thos. Cunningham's lot	
„ J. W. Wells' lot	100 00
	100 00
Total	\$30,784 50

In the schedule annexed is given the number of the lots, the owners' names, and the acreage benefitted in each lot. The area is that which the high water of 1882 covered. This gives a total acreage owned by private individuals to be assessed 3,261 75/100 acres, and 19 57/100 acres in roads, giving a grand total area of 3,281 55/100 acres. An assessment of \$5 an acre on this amount gives a sum of \$16,407.75, the tender

made by the C. P. Ry Co. To this assessment must be added a further sum of 25 cents per acre for expenses in connection with publishing by-law, &c.

In view of the foregoing estimate, it would appear that the offer is a reasonable one.

As to whether Hatzic Lake in ordinary seasons would furnish storage capacity for the rainfall and streams entering into it, we beg to make the following observations, which are based principally on the assumption that the drainage area of Hatzic Lake is 75 square miles. This we have no way of proving, but think it cannot be far from the truth, as it would include a portion of the country about 8½ miles square. Assuming the drainage area to be 75 square miles, and the annual rainfall at 50 inches, this would give the total quantity of water which yearly drains into the lake as 8,712,000,000 cubic feet.

During the time of high water in June and July, say for 45 days, the rainfall, according to official reports for that period and time of year, would be about 1½ inches, the one thirty-fourth of the total amount, equal to 256,235,000 cubic feet. This would be reduced by evaporation in the 45 days at the rate of fifteen-hundredths of an inch daily, 19,600,000 cubic feet, leaving an amount to be stored of 236,635,000 cubic feet.

For this purpose we have the lake and slough, an area of about 915 acres, with a height of say 7 feet, to which the water could be raised before overflowing the land. This gives a capacity of 279,000,000 cubic feet, or something greater than actually required as above, thus leaving a certain amount of storage room for seepage, which would be difficult to give an estimate of the amount of. We have estimated the benefit to be derived from the dyke as being equal, in the case of prairie and brush land, as amount necessary to drain the prairie land would be about equal to the cost of clearing the light brush.

We have the honour to be,

Yours respectfully,

(Signed) GARDEN, HERMON & BURWELL.
